Unto the East Kingdom College of Heraldry and all others who do receive this letter, greetings from Tanczos Istvan, Eastern Crown Herald!

This ILoI contains the second half of the Pennsic submissions and has 59 numbered items. Commentary, as always, should be sent to the above address and is due on 13 December 2002 (This is four weeks from the end of the previous LoI's commentary period).

Unless otherwise noted, there are absolutely no photocopies and the submitters will accept any changes to names. Abbreviations: [PCA] means 'photocopy attached', [NPCA] means 'no photocopy attached', [NDP] means 'no documentation provided' OCM is O'Corrain and Maguire, and R&W is Reaney and Wilson.

One disturbing trend that has shown up in the past few months is the tendency for people to not include copies of documentation which isn't listed in Appendix H of the Admin Handbook, to not include URLs for web pages, and to use documentation from sources listed in Appendix J of the Administrative Handbook. (Names Sources to Be Avoided in Documentation). This is a bad thing, and needs to stop. While I've been reasonably proactive in chasing down references, I would be fully justified for returning these submissions for incomplete paperwork. I'd very much like to ensure that this practice stops, and if I have to start returning incomplete paperwork without sending it through the system, I will.

Please note: this is not in reference to the Pennsic submissions - they're a special case. But even in those circumstances, I expect to see at least the URL provided if a web source is used!

Good luck, and the usual thanks in advance for all the hard work!

In service,

Istvan Eastern Crown
